

NACwall 2G Appliances Datasheet

Second Generation Network Access Control (2G NAC) Appliances:

The NetClarity NACwall 2G Appliances deliver the ABC's of Network Security for Intrusion Defense and Regulatory Compliance – Alerting, Blocking and Correcting internal security threats, vulnerabilities and network access without being inline, without any agents, without any forklift upgrades. NACwalls combine agent-less RSA SecureID and Active Directory authentication with control, detection, quarantine and blocking of untrusted assets and unmanageable network equipment such as BlackBerry, iPhone, VoIP phones, Wireless Routers, Barcode Scanners and other devices. NACwalls do this with dynamic agent-less VLAN provisioning using 802.1q NOT 802.1x.

The NACwall 2G Appliances Family: Scalable to fit within any budget and network topology – no forklift upgrades. Keep what you have.

NACwall appliances are designed to save you money – why buy 80 appliances to manage 80 VLANs when our NACwall Enterprise 250 can do it all – in one box! You don't have to make any network infrastructure changes – these appliances will protect everything from your wireless infrastructure to your voice over ip (VoIP) networks.

Hardware Specifications

All NACwall 2G Appliances are 1U Rack-able hardware running the EasyNAC® software technology on hardened Linux operating systems. These devices comply with US FCC part 15, Canadian ICES-003 (NMB-003 du Canada), CE and VCCI Class A and is ROHS certified. AC input voltage: 100 - 240 VAC (auto-range) Hz: 50/60 Rated input current: 4A Max.

Model Name:

NACwall Branch
 NACwall Branch Pro
 NACwall Enterprise 10
 NACwall Enterprise 100
 NACwall Enterprise 250

Part Number:

NC-NW-NBR-STD-2G-2011
 NC-NW-NBR-PRO-2G-2011
 NC-NW-ENT-010-2G-2011
 NC-NW-ENT-100-2G-2011
 NC-NW-ENT-250-2G-2011

Software Updates

All 2G NACwall appliances are sold with a bundled firmware updates and EasyNAC® Cloud-based risk, threat, vulnerability and asset signatures updates, which is prepaid annually.

Warranty

NetClarity provides a standard one-year warranty on all NACwall 2G hardware appliances.
